VERY COLD RECEPTION

An English Committee on an Investigation Tour.

LYNCHINGS IN THE SOUTH.

New York Papers Get the Views of Several Governors on the Subject of Englishmen Meddling With Our Affairs—Some Very Caustic Telegrams From the Different Governors.

RICHMOND, Sept. 11.—An afternoon paper publishes the following:

Governor O'Farrell received last night the following telegram from the New York World:

To Governor Charles T. O'Farrell, Esq.: An English committee has been sent here to investigate and denounce southern lynchings. Will you please telegraph us what you think of English meddling with our affairs?

The governor's reply:

RICHMOND, Va., Sept. 9, 1894. Things have come to a pretty pass in this country when we are to have a lot of English moralists sticking their noses in our internal affairs. It is the quintessence of brass and impudence. They had better sweep in front of their own doors before seeking to regulate us. We might as well investigate English affairs in India, her White Chapel murders, her Jack-the-Ripper slashings, the Maybrick trial and her alleged injustice and cruelty to this woman; her rapacious colonial policy in Africa, and the degrading effects upon the Chinese resulting from the opium war. What do they propose to do in case they find that the law is not administered here according to their ideas? Declare war against us, or open the vials of their wrath upon our heads?

What information do they seek? Do they want to know that the white people in the south have lynched negroes, whose miserable lusts led them to the commission of the black crime of rape upon white women? If so, they need not investigate, for such is the fact. Do they desire to know that this has been done by infurated communities for the protection of their white women, and to save the victims of these floods from the humiliation of testifying in court? If so, this is the fact. Do they want to know whether there was any doubt as to the guilt of the men lynched? If so, for the satisfaction of their yearning souls, they could have unscrupulously without encountering the perils of a sea trip that their guilt was clear in every instance. If they had desired to learn whether these lynchings were permitted or countenanced by the civil authorities, they could have learned through the regular channels of correspondence that in every case the civil authorities were either without knowledge or were overpowered.

In Virginia, the authorities in every case have asserted all their power to suppress the lynching spirit, and within the last few months I have protected from violence with militia at heavy expense to the state, three negroes who were charged with outraging white women. They had fair trials, were convicted and executed. While lynch law is to be condemned and every effort has been, and will be made to suppress it in the south, without the advice of those would-be philanthropists, who have taken so much upon themselves, lynching will surely cease, when crime of rape ceases. These sympathetic Englishmen might find missionary work among the negroes of the south in warning them against the consequences of the forcible gratification of their devilish lust.

CHARLES T. O'FARRELL,
Governor of Virginia.

INDIANA'S EXECUTIVE.

What Governor Matthews Thinks About the Committee's Visit.

INDIANAPOLIS, Sept. 11.—The following letter from Governor Matthews was sent from here last night by the correspondent of the New York World. It relates to the visit of the committee from England, appointed after the recent agitation of Miss Ida B. Wells, in that country, to investigate the subject of southern lynchings:

"The visit of the English committee to investigate and denounce southern lynchings is certainly a remarkable and singular procedure. It should be regarded as a meddlesome interference, wholly unwarranted, and not deserving of even courteous or tolerant treatment by our people. It is a good opportunity to let England and other countries understand that we can and will manage our internal affairs without interference on their part."

Advised to Go Home.

LITTLE ROCK, Sept. 11.—Governor Fishback yesterday received a telegram from a New York newspaper as follows: "English committee has been sent here to investigate and denounce lynching. Will you please telegraph us what you think of English meddling with our affairs?"

In reply the governor sent the following:

That England, a foreign country and one which pays less than one-third as much money per capita for the education of its people as the states pay, should assume the role of a missionary to teach us our duty can but excite ridicule as well as sentiment. If its committee is really sincere in its efforts to suppress lynching it must be sadly wanting in common sense not to have learned this much of human nature.

My advice to the committee, if it is indeed in earnest and honest, is to go home. WILLIAM FISHBACK.

A SALTY REPLY.

The Governor of Georgia Holdly Expresses His Opinion.

ATLANTA, Sept. 11.—Governor Norton received a telegram from the New York Herald stating that a committee of

Englishmen had arrived in New York and wanted to come south to investigate the lynching and the truth of Miss Ida Wells' statement made in her lecture in England.

The governor telephoned back a salty letter, in which he said they were welcome to come, but that as long as Englishmen sold virtuous women to lusty millionaires, slew Africans to get their gold fields and oppressed the Irish, they would find more to investigate at home.

Governor Tillman Welcomes Them.

COLUMBIA, S. C., Sept. 11.—Governor Tillman sent the following: "In reply to your telegram of this date, would say the Englishmen are welcome to come and learn the truth. They can't investigate us from New York. I will afford them every facility to get at the facts."

CHINESE TRANSPORT WRECKED.

The 1,400 Troops on Board Safely Landed.

Gall of Chinese Officials.

LONDON, Sept. 11.—A dispatch received here from Shanghai says that the Chinese transport Chean, while proceeding to Formosa, with 1,400 troops on board, was wrecked in the Che-Tung pass. A panic occurred on board when the steamer went ashore, but all the crew of the Chean were safely landed in her boats. There is no hope of saving the transport.

Another dispatch received here from Shanghai says that on Saturday last some Chinese officials boarded the French mail steamer en route to Japan, and demanded to search the ship for Japanese officers coming from Europe who were said to be returning home on board of her. The captain of the steamer refused to allow his ship to be searched and was obliged to threaten to ask for the assistance of a French warship before the local officials withdrew.

Inquiries made here by a representative of the Associated Press at the Chinese and Japanese legations, show that the officials of both these countries discredit the report that negotiations for an armistice are in progress between China and Japan.

Nebraska Bank Falls.

PLATTSMOUTH, Neb., Sept. 11.—The Citizens' bank failed to open its doors yesterday. An hour later the stockholders of the bank went before Judge Chapman and asked that the bank be closed and that Charles C. Parmalee be appointed receiver. The judge issued the order. The cause of the failure is supposed to be inability to realize on securities. The stockholders are mostly wealthy men. W. H. Cushings, a brother of R. C. Cushings, ex-mayor of Omaha, was president of the bank. The capital stock was \$100,000; liabilities, \$92,000; assets, \$142,000. The failure involves about \$209,000, all well secured, with notes of wealthy farmers who are merely temporarily embarrassed.

Settlement of a Strike.

NEW YORK, Sept. 11.—Indications point to a speedy settlement of the cloak and garment cutters' strike. About 400 of the strikers returned to work yesterday for contractors who have signed the bond demanded by the men. It is expected that by Thursday all of the contractors will have signed the required bond, and that every one will be back to work. So far no terms looking to a settlement with the striking Knights of Labor in the clothing trade have been made.

Hall of Fire Fell.

CHICAGO, Sept. 11.—Rev. E. C. Towne reports that during Sunday night's thunderstorm a large ball of fire fell in a vacant lot near the business portion of the suburb of Austin. A hole several feet in diameter and of considerable depth was left in the ground and the earth for 20 feet around was cracked. The fall of the fire ball was accompanied by a terrific peal of thunder and vivid lightning.

Priests Want Relief.

OMAHA, Sept. 11.—A week ago the priests in the Nebraska diocese, in rebellion against the authority of Bishop Bonacum of Lincoln, sent a committee to Archbishop Satolli to secure relief from what they term the prelate's tyranny. This includes three-quarters of the priests of the diocese. The committee returned Sunday. The mission was a failure, the ablegate refusing to interfere.

Decisions to Be in Candidate.

BAY CITY, Mich., Sept. 11.—Congressman Weadock has addressed an open letter to Joseph Turner, chairman of the Democratic congressional committee, declining to become a candidate for renomination. His reasons are that he prefers to devote himself to his law practice, and that he does not wish to enter another campaign, which he says is to be fought upon religious lines.

Half a Hundred Killed.

PARIS, Sept. 11.—The disaster to the Paris and Cologne express train at Apilly, between Noyon and Chantilly, Sunday, was more serious than at first supposed. The first estimates placed the number of persons killed at 10, with 20 injured. It is now stated that from 40 to 60 were killed or injured. It seems to be certain that there were no Americans among the dead or injured.

Death From Lockjaw.

DELAWARE, O., Sept. 11.—Mrs. Mary Montaigne, who was so severely burned a month ago by the explosion of a gasolene stove, died here from lockjaw, resulting from her burns. She leaves four orphans.

Boy Lost.

SPRINGFIELD, O., Sept. 11.—Little Ralph Burton of 228 Pearl street can not be found. Friday morning he left home, ostensibly to go to school, and has not been seen since.

G. A. R. ENCAMPMENT.

The First Day's Session Was a Glorious Success.

PARADE OF NAVAL VETERANS.

Over a Thousand Men in Line, Led by Rear Admiral Osborn.—A Brilliant Social Event—Many Reunions Held During the Day and Evening—Canvassing For Commander.

PITTSBURG, Sept. 11.—The first day of the 28th national encampment, G. A. R., has closed, and nothing but the best can be said of it. The weather was superb, the crowds large and no accidents happened to mar the day.

The marching event of the day was the parade of the naval veterans, who went over the rather long route with a precision and excellence of drill that called forth the heartiest cheers from the spectators. The veterans numbered 1,000, and were led by Rear Admiral Osborn.

In the afternoon the Ladies of the Grand Army and the Women's Relief Corps were taken through the city and suburbs in carriages, following which a reception was held at the Monongahela House.

The social event of the day was a reception by Mrs. George Westinghouse at her suburban residence "Solitude," given to the visiting ladies. Some of the guests, who have attended similar affairs on many occasions, pronounced this the most gorgeous they have ever witnessed. The floral decorations were the finest ever witnessed in this city. Henry Weaver, ex-Governor Beaver and all of the prominent national officers of the G. A. R. were present.

Many reunions were held during the day and evening by members of different regiments, and many were the reminiscences exchanged. Last night the sidewalks were inadequate to accommodate the crowds that thronged them, and the roadways were used along the main streets. Streetcars and vehicles were almost blockaded. Taken altogether Pittsburgh has never before enjoyed such a scene of animation. Innumerable bands are marching through the down town streets serenading the newspapers and prominent people.

One of the features of the first day of the encampment was the performance of Fred N. Innes' new composition of "War and Peace" at the exposition last night and his musical spectacle, dedicated to the encampment, was given by the Thirteenth regiment band of New York, a grand chorus of 400 local singers, a company from the Pennsylvania national guard, Ransom post, No. 80, G. A. R. of St. Louis, and a battery of artillery, all under the direction of the composer. There were about 20,000 people present, including Commander-in-chief J. G. B. Adams and staff, and others of note.

Canvassing has been going on briskly already in all directions in connection with G. A. R. politics. Of the four candidates for the office of commander-in-chief each has a pretty strong backing among the delegates to the encampment. Judge Long of Michigan has an enthusiastic following, but the friends of Colonel Lawler of Illinois claim to have almost all the northwestern states behind him, while the supporters of Colonel Walker of Indiana assert that they have promises enough to carry him through. The Texas aspirant, John D. Bigger, also has plenty of friends, who are confident of his ability to win.

Louisville and St. Paul are making a strong fight between them for the next encampment. The Louisville delegation, however, claim to have promises enough from the various departments to result in a majority of the national delegates voting in favor of that city. Kansas City is also pushing her claims for recognition.

NAVAL VETERANS.

What Was Done at the Ninth Annual Convention.

PITTSBURG, Sept. 11.—The ninth annual convention of naval veterans was held in the room of the Allegheny Bar Association yesterday afternoon. There were 200 delegates present. Rear Admiral Osborn presided. His annual report showed a very encouraging condition of affairs, notwithstanding the defalcation of the fleet paymaster last year. When the Indianapolis convention adjourned there was not a dollar in the treasury, and the association was heavily in debt. During the past year all the old accounts have been settled, as well as all bills of the present administration. In closing Rear Admiral Osborn stated that having served four terms he would like to be relieved from the duties of his office.

National Secretary Bostwick's report showed that charters have been issued to seven local associations during the year, in the cities of Pittsburgh, Philadelphia, Bath, Me.; Boston, Annapolis, Lowell and Rockford, Ills.

Second Vice President Francis B. Allen of the northern Ohio department proposed a resolution asking congress at its next session to so amend the laws regarding enlisted men in the navy that those competent may aspire to a higher position. The resolution was supported by the shipmates, and it was decided to memorialize congress. As the law stands enlisted men can not rise above the rank of warrant officer.

After the reading of reports and presentations of a large number of resolutions, which were referred, Francis B. Allen of Hartford was elected commander.

The convention then adjourned.

The "tars" brought their day to a close by holding a "dogwatch" in old city hall last night. The hall was

magnificently decorated in nautical designs in patriotic colors. A number of distinguished speakers were present, among them Governor Pattison, Mayor B. McKenna of Pittsburgh, Mayor W. M. Kennedy of Allegheny and Admiral Osborn.

TWENTY ACRES OF FIRE.

Nearly All the Business Houses of Dalton, Ohio, Destroyed.

MASILLON, O., Sept. 11.—The village of Dalton, nine miles west of here, was visited by a disastrous conflagration. It started at 2:30 o'clock Monday morning in a shed, and is supposed to be of incendiary origin. The frame houses burned like tinder, and at 8 o'clock 20 acres in the heart of the town had been devastated, and over 30 structures totally destroyed. The village water supply was soon exhausted, and dependence was then placed upon wells and cisterns.

Appeals for help were sent to all the surrounding towns, and at the earliest moment special trains took such equipment to the scene as Massillon, Canton and Orrville could spare.

In many cases household goods were removed to the street, only to be destroyed in that place of supposed safety. The citizens of the place were completely panic-stricken. No very serious accidents are reported. One man was carried out of the hotel unconscious, but will recover.

The buildings destroyed number 33. The total loss figures up to \$200,000, and the insurance is only \$20,000. Every business house in the village was consumed.

The rain did as much as anything else to stop the progress of the flames. Families burned out have been taken in by neighbors, and are not in actual distress, but have lost all their possessions. It is suspected that a crowd of fellows sent to the penitentiary on Dalton testimony started the fire.

ELECTION IN MAINE.

Republieans Carry the State by 37,000 Majority.

AUGUSTA, Me., Sept. 11.—Election returns from over 100 cities and towns indicate that the state has re-elected Governor Cleaves, Republiean, over Charles F. Johnson, Democrat, by a majority which will exceed 37,000, the largest in the history of the party. The Republieans have carried every county in the state and it is estimated that the legislature will have a working Republiean majority of 125, which ensures the reelection of Senator William P. Frye.

Thomas B. Reed has been elected to congress by a plurality estimated at 10,000. Nelson Dingley, Seth H. Milliken and H. Bontelle are also re-elected to congress by majorities ranging from 6,000 to 9,000. The total vote will probably exceed 110,000.

Vermon Election Returns.

RUTLAND, Vt., Sept. 11.—Returns from all towns in the state received by the town clerk here show the Republiean majority to be 27,310 and the plurality 23,356. Official returns will change these figures very little. The following is the analysis: Republican vote 1894, 42,736; 1890, 33,462; Democratic vote 1894, 14,380; 1890, 19,313; Republiean gain, 9,374; Democratic loss, 4,963. The senate is a Republiean unit and the house stands as follows: Republieans, 233; Democrats, 9; Populists, 1. Three towns made no choice.

CATHOLIC SECEDEES.

Movement to Starve an Independent Church in Baltimore Not Promising.

BALTIMORE, Sept. 11.—The movement to establish an independent Polish church in Baltimore is not likely to amount to much. Four of the members in the independent organization were expelled from the St. Stanislaus Beneficial society of the Holy Rosary church, because of their attempt to establish here a church independent of the pope and his hierarchy. Two of the four men have been excommunicated by Cardinal Gibbons.

Father Fraunces Barzez, who came here from Chicago to raise funds for a temporary place of worship for the independents, received but little encouragement, and has returned home. Father Barzez was formerly assistant pastor of St. Mary's church, Detroit. Twelve years ago he started the St. Stanislaus Kosca society in this city, all the members of which were excommunicated by Cardinal Foley in Detroit about two years ago.

Policeman Shot.

PHILADELPHIA, Sept. 11.—Policeman J. Chambers was shot last night by Charles G. McCloskey, who he was attempting to arrest, and is dying at the Episcopal hospital. Neighbors of McCloskey had complained of his disorderly conduct and Chambers, with another policeman, were sent to the house to arrest him. McCloskey ran upstairs, and standing at the top, fired five shots from his pistol. One of the bullets lodged in Chambers' breast. McCloskey is in jail.

Attempted Murder in Church.

RICHMOND, Ky., Sept. 11.—Just as the congregation was leaving the Mount Pleasant Christian church, near Foxtown, in this county, Sunday evening, William Sixsmith stepped up to the organist, Mrs. Jones, and fired two shots at her from a pistol. Only one bullet struck her, but her corset stayed save her life, and she was only badly frightened. Sixsmith escaped. No cause is known for the attempted murder.

COLORADO Democrats have found out that disaster and defeat almost inevitably follow factional fights, and have got together. United we stand, divided we fall. Let Democrats everywhere remember this.

The Democrats of Colorado have decided to "get together." The factions have united on a State ticket that is satisfactory to the rank and file. The platform demands free and unlimited coinage of gold and silver at the ratio of 16 to 1 without discrimination against either metal.

The party that takes as its shibboleth: "The trusts must go," be it Democratic, Republican or Populist, will be sure of the ballots of the people.—Covington Post.

The Democrats have been fighting trusts and monopolies for years. They will center their forces against the sugar trust in the next Congress.

HERE'S an item Republican editors will not mention if they can avoid doing so. "The Lowell (Mass.) carpet manufacturers have notified their employees that the cut of 16 per cent, in their wages made last winter will now be restored." The country isn't going to ruin under a Democratic tariff as fast as our g. o. p. friends insisted it would. The reverse is true. Things are getting better instead of worse.

THE adoption of that new rule for the government of the approaching primary election in the Seventh Congressional district requiring of the voter, if demanded, a pledge, and even an oath, to support the nominee at the regular election in November, is the weakest and worst move yet made by the Breckinridge crowd. Instead of bettering Breckinridge's chances, it will have just the opposite effect.

GOVERNOR McKinley, in his address at Bangor, recited the old story of the depression of business, which occurred while his tariff law was in force and began to give way as soon as it was repealed. He attributed the depression to the Democrats, says the Courier-Journal, because they were in power, but not to his bill, because it was in force. Well, the Democrats are still in power, but the McKinley bill is no longer in force, and times are improving.

In speaking of strikes, Grand Master Workman Sovereign, of the Knights of Labor, says: "Strikes widen the breach between labor and its employers. All strikes are illegal and strikers are criminals. Workmen must look for relief to some other source." Mr. Sovereign is unquestionably correct in his first statement. Employer and employee should be on the friendliest of terms and strikes are calculated to bring about just the reverse condition of affairs.

THE American Sugar Refining Company is capitalized at \$75,000,000, with \$10,000,000 of bonds. The cost of the plants represented by the \$75,000,000 of stock was \$55,000,000. At the time the trust was organized they were worth about \$10,000,000. In 1892 the dividend paid was equal to about 150 per cent., and in 1893 to 165 per cent. It has been figured out by experts that the trust's annual average profit is \$25,532,000, or about 285 per cent. on the actual investment. This is an object lesson on monopolies.—Cincinnati Post.

And this gigantic trust became what it is under the McKinley tariff. The Republican tariff law enabled it to make its millions.

FREE WOOL.

It Was Going to Ruin the Sheep Industry According to G. O. P. Predictions.

That Boyle County man whom Br'er Davis was sympathizing with a few days ago sold his sheep too soon. He ought to have held on to them for awhile longer, because the indications point to a rise in the price not only of sheep but of their fleece also. Free wool, it seems, is having just the opposite effect to that predicted by our Republican friends. A special says: "The good effect of the new tariff bill on the wool market is coming more rapidly than even its most hearty supporters had dared to wish. The Wheeling Register, through its special correspondents in Eastern Ohio, West Virginia and Western Pennsylvania, has made inquiry concerning prices and demands, and the result has been far more than satisfactory to the friends of the free wool measure.

"The correspondent at Woodsfield, O., the center of a large wool-raising country, represented in Congress by A. J. Pearson, whose place was jeopardized by his vote for free wool, reports that Alexander Harmon sold 10,000 pounds of wool within a week at 26 cents, and was offered as much for the remainder of his clip. This he refused, believing he can do better before the first of the year. Clint & Pfalzgraff, also of Monroe County, have sold their wool within a week at 23 cents, it being a less desirable clip than that of Harmon. Miller & Co., of Beallsville, O., are offering 20 and 21 cents, but are getting no wool. The wool men are set against anything short of 23 cents. The report from Washington, Pa., is that washed wool is selling, and has been for a week, at 20 and 21 cents. Marke & Co., of Monongahela, are offering, and have instructed their country agents to take up 350,000 pounds at from 20 to 25 cents, according to grade.

"Several instances where wool has sold in the West Virginia pan-handle at from 20 to 23 cents are reported. Most of the wool-buyers are Republicans, and the fairy stories they have told wool-raisers within the past three months are remarkable. They have used every means to bulldoze buyers into selling at from 15 to 17 cents, and have been able to get some wool at these figures."

DEMOCRATIC PRECINCT MEETINGS

In Magisterial District No. 4, September 15th—Nominations to Be Made September 22nd.

The Democrats of Magisterial District No. 4, composed of Murphysville, Fern Leaf and Germantown voting precincts, will hold a convention at Franklin school house, Fern Leaf, Saturday, September 22nd, at 3 p. m., to nominate candidates for Justice of the Peace and Constable.

This has been ordered by the members of the Executive Committee of said district.

The committee also ordered that precinct meetings be held next Saturday, September 15th, at 2 p. m., in each of the precincts named, to select delegates to the district convention on September 22nd.

The basis of representation was fixed by the committee at one vote for every ten or fraction over five cast at the last Presidential election. According to this basis the precincts will be entitled to the following votes in the district convention: Germantown precinct.....13 Fern Leaf precinct.....10 Murphysville precinct.....9

A BIG KICK

Against a Raise in Insurance Rates.
Kentucky Agents Up in Arms.

Cincinnati Enquirer: "Kentucky insurance men are up in arms against the rates that have been fixed by Local Board Commission No. 1, that usually has its sittings in this city. The complaint was made some time ago by all the companies in a chorus that rates in Kentucky were too low—too low. This cry was heard by Local Board Commission No. 1, and the rates were raised. The increase may have suited the companies, but a steady, silent complaint from the other side has continued, and the latest protest is from the Board of Underwriters of Lexington, Ky. The claim is that the rates are too high to be enforced, and that the best business will be driven from the union and board companies to outside offices and Eastern brokers."

"The complaint is made that provisions are imposed upon the city that would be well enough for more modernly constructed town, but will result in disaster to the business there. Permission is asked for the revision by the local board of the rates, with a correction of the inconsistencies. This protest is not received with much good humor by the managers who claim that for years rates in the South have been too low, and that all efforts to correct them are met with stubborn resistance by the Southern agents."

Maysville was given a raise last spring and made a kick, but the matter was finally adjusted and the new rates were adopted.

The Cheapest and Most Interesting Trip Before the Public.

Sunday, September 16th, there will be an excursion to Oligo-nunk (the place of caves). A first-class special train will leave Maysville via C. and O. at 9:33 a.m. Only \$1.50 round trip, including admission and guides through the caves. These interesting and wonderful caves are situated in Carter County, fifty-nine miles from Maysville. The twenty mile mountain ride over the picturesque Kinncinnick branch of the C. and O. is alone worth the trip. A large pavilion with first-class restaurant service and everything necessary to the comfort of guests are located on the grounds. Don't miss it.

Successful Teachers.

Nine teachers were before the Board of Examiners last Friday and Saturday and were granted certificates, as follows:

M. H. Kane, Lewisburg.
Wiley E. Shelton, Fern Leaf.
William H. Heeks, Maysville.
Martha Mastin, Fern Leaf.
Elizabeth B. Young, Missouri.
Alice Dorsey, Maysville.
Charles D. Wells, Bernard.
M. Hargett, Lexington University.
Miry E. Thornton, Millersburg.

This is the best class that has been before the Board. All of them ranked way up in the examination. Miss Young will teach at Minerva.

Another Opinion of Pugh.

Cynthiana Democrat: "Our esteemed contemporary, the Courier, in its Berry correspondence pays a high tribute to Mr. Pugh, who is deluded with the idea that he is running for Congress in this district. He deserves all the nice things said about him, but it would be a pity to thrust him into the midst of the contaminating influences of Washington. Sammy is too tender a plant to be exposed upon the miasmatic banks of the Potomac. What he needs is a glass case with a brass band in front."

HELD TO ANSWER.

DR. W. D. HOWE, of Moorefield, Under \$5,000 Bond on the Charge of Rape.

A dispatch from Carlisle was published last week stating that Dr. W. D. Howe, a well-known young physician of Moorefield, Nicholas County, had been arrested on a charge of rape.

The charge was preferred by Lizzie Williams, a young lady about fifteen years of age, who the dispatch stated had been under the doctor's treatment for deafness. Howe's examining trial was set for last Friday and he was released on giving bail in the sum of \$1,000.

The preliminary hearing of the case ended Saturday and a dispatch says Howe was held in the sum of \$5,000 to answer the charge. He gave the required bond.

The victim of the alleged outrage is a daughter of Shad Williams. He has become a raving maniac and was captured Sunday near Owingsville.

A DENSE SMOKE.

Whence Did Come, From Dalton, O.,
Or the Forest Fires in the
Northwest?

The still northwest breeze that set in last evening shortly before 6 o'clock brought something with it besides the delightful change of temperature.

A heavy smoke settled down over the Ohio Valley, and it was so dense that it had the appearance of a fog. Darkness came on much sooner than usual. Some citizens claimed they could smell burning wood, and various were the suppositions as to the source of the smoke. The atmosphere had cleared up by 10 o'clock.

Dalton, O., was almost wiped out of existence by a fire early Monday morning, twenty acres of buildings being burned, and some thought the smoke here last evening was from this conflagration, but Dalton is northeast of this city. The smoke came, no doubt, from the destructive forest fires in the Northwest. It reminded one of the condition of the atmosphere during the Chicago fire some years ago.

FREIGHT WRECK.

Two Tramps Hurt and Sixteen Cars Ditched Near Springfield, O.

SPRINGFIELD, Sept. 11.—A bad wreck occurred on the Big Four, three miles east of the city, yesterday. In some mysterious manner a car on the front end of eastbound freight No. 42, Conductor O'Connor, jumped the track and 16 cars followed it into the ditch. All were pretty badly damaged, and the money loss will be \$5,000 or more.

Two tramps, who were stealing a ride, were very badly hurt, one probably fatally. T. Woodcar of Pittsburgh got his head crushed and right leg broken, and S. Hill of Brooklyn, head cut and an arm fractured. All through trains were sent to Cincinnati via the Delaware division, Columbus not being touched.

Cycle Factory Struck by Lightning.

PLYMOUTH, Ind., Sept. 11.—During a terrific storm late Sunday night the large 3-story brick manufacturing building occupied by the Marble Cycle Manufacturing company of this city, was struck by lightning, completely tearing off one end of the upper story. A great deal of valuable machinery was damaged by the stroke and the hard rain which poured in. Parts of the building were hurled 200 feet away. The building is owned by the Fort Wayne Jenney Electric Light company. Loss is large.

A Woman Badly Beaten.

MORRISTOWN, Ind., Sept. 11.—Yesterday afternoon Will Anderson, living one mile north of here, assaulted Mrs. Biddy Lockridge. He had an old grudge against her, and seeing her on his premises he met her and commenced operations. Although two male friends were with Mrs. Lockridge, Anderson succeeded in breaking two ribs, dislocating her arm, and knocking several teeth out. It is thought that she is injured internally.

Murder in a Barroom.

ANDERSON, Ind., Sept. 11.—Frank Jackson, a bartender at the Log Cabin saloon, in Orestes, shot and killed James Marshall Saturday night. The parties got into a dispute about the pay for some drinks which Marshall had ordered, and both drew guns. It is uncertain which fired first, but Jackson's bullet took effect in Marshall's left lung near the heart. Marshall died in a few minutes. Jackson was unhurt and gave himself up.

Another Test Case.

ATHENS, O., Sept. 11.—A. E. Peters, attorney for the estate of the late Charles W. Sontherton of this county, has brought suit to recover the sum of \$144,76, paid as direct inheritance tax under the law enacted at the last session of the legislature. The case will probably go to the supreme court, and its outcome will be of interest throughout the state, as it will test the constitutionality of the new law.

Church Struck by Lightning.

ROCK CREEK, O., Sept. 11.—The Congregational church here was struck by lightning, doing great damage. It first struck the belfry, tearing away a part. It then ripped up the roof for 30 feet, and then passed down into the audience room, tearing the plaster from the walls, and badly demolishing the elegant oak seats, recently placed there.

Caught in the Act.

NORWALK, O., Sept. 11.—Frank Smith was arrested yesterday charged with robbing Jacob Minardi's store, being caught in the act. A lad named Talmae Fairchild of Columbus, visiting here, overheard Smith and another man plan the robbery. The boy watched the store, and while there saw Smith steal the goods, and immediately informed Minardi.

Irrakeman Cut in Two.

ELKHORN, W. Va., Sept. 11.—W. J. Keyes, brakeman on the Norfolk and Western railroad, was killed by a train yesterday morning. He was flagging a train, and is thought to have gone to sleep on the track. He was cut in two. His home was in Scranton, Pa., where he leaves a wife and two children. At one time he had been engaged as a circus clown.

Mine Gas Explosion.

WILKESBARRE, Pa., Sept. 11.—An explosion of gas occurred in No. 4 slope of the Pennsylvania Coal company at Pittston Monday. One hundred miners at work had a narrow escape. All got out, however, with the exception of Superintendent Bryden, who is still entombed. Searchers are now looking for him.

Bank President Found Guilty.

WILLIAMSPORT, Pa., Sept. 11.—J. M. Bowman, president of the defunct Muncie bank, was found guilty yesterday on six counts on making false entries with the intent to deceive the United States bank examiner. He will ask for a new trial. The minimum sentence on each count is five years.

Telegraph Celebration.

BALTIMORE, Sept. 11.—Arrangements have been completed for the 14th annual reunion of the Society of the United States Military Telegraph corps and the Old Time Telegraphers' association, which will be held in this city next Wednesday and Thursday. A number of noted telegraph officials are expected at the reunion, which will also be the celebration of the semi-centennial of the Morse telegraph.

Accidentally Shot.

WASHINGTON, Ind., Sept. 11.—Last Saturday evening while Willie McKittrick and Willie McCafferty, 10-year-old boys, were playing with a pistol, the weapon was accidentally discharged. The bullet entered McKittrick's abdomen. The boy is still alive. He is the son of Representative McKittrick.

Sudden Death.

BRAZIL, Ind., Sept. 11.—William Cole, a well-to-do farmer, residing four miles south of this city, died suddenly near his home yesterday. Sheriff Ringo was passing when he saw Mr. Cole step from his buggy and begin to severely vomit. The sheriff hastened to him, and he died in a few seconds.

NEARLY ALL REPUBLICANS.

Trouble in the A. P. A. Lodge at Terre Haute—List of the Members Given Out.

TERRE HAUTE, Ind., September 9th.—A huge sensation was caused to-day by the making public of the list of members of the A. P. A. lodge here, and as a result some well known Terre Hauteans who have been vigorously denying that they ever belonged to the proscriptive order are in a great stew. The sensation was sprung by the Republican Secretary and Treasurer of the local lodge, son of a distinguished citizen of National renown, who, getting into a row with the other officers over the disposition of the funds, furnished the original records of the lodge to Thomas W. Harper, the well known lawyer, who had the list copied, and typewritten copies of the list of members, alphabetically arranged, can not be handed out fast enough.

There were something more than 400 names on the list, and all but a few of them are Republicans, some of them well known business men. All but three or four of the Republican county and township candidates are members. As a result Republicans are in a panic, and there is already a demand for the withdrawal of the ringleaders from the ticket.

The list of members was secured largely as an outgrowth of the fight on Grand Secretary and Treasurer Frank W. Arnold, of the Brotherhood of Locomotive Firemen, of this city, who was Eugene V. Debs' successor in that position. The fight against Arnold in the Harrisburg National Convention of the firemen next week is led by one of the delegates from Terre Haute, who is very bitter against Arnold, alleging that he is too friendly with Debs to continue an officer of the firemen's organization. Arnold's friends, through Harper, procured the list of members from the A. P. A. officer referred to, who did not need much persuasion owing to his own grievance, and it shows that Arnold's chief opponent who is leading the fight on him is a leader of the order here. Affidavits to that effect have been sent on to Harrisburg, and will be used among those delegates who are Catholics to show that the opposition to Arnold is from A. P. A. influence. Terre Haute, as a consequence, is enjoying the biggest sensation it has had in some years.

DEMOCRATIC PROSPECTS.

Hon. Clifton R. Breckinridge Takes a Bright View of the Outlook.

Hon. Clifton R. Breckinridge, the new Minister to Russia, takes a cheerful view of Democratic prospects.

"My own State of Arkansas," said he, "has just given an exceptionally heavy Democratic majority, which is a fair indication of what the South may be expected to do in November. I wish, however, that the majority had been a little lighter and the platform adopted at the State convention a little better. Too much was conceded the Populists on the financial question. Better to have had a sound monetary plank than to have gained a few thousands of surplus votes.

With the revival of business prosperity that is now already begun, there can not be much fear of continued Democratic ascendancy. I feel certain that we shall keep control of the next House."

"What about the threatened secession of the Louisiana planters from the Democracy?"

"Well, it is natural for the Louisiana sugar growers to stand by their chief product. They have always done so, but I do not see what they have to gain by belting their party affiliations. It will do them more hurt than it will the Democracy. For every vote lost by such a desertion six would be gained. On longer reflection it is doubtful if they will go over to the political party which they have battled against all their lives."

When Baby was sick, we gave her Castoria, When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

Humors of the Anarchist Hunt.

The anarchist scare in Paris was much aggravated by the last outrage. Public opinion is beginning to turn its wrath against the government on account of the failure to detect the latest criminal. The absence of direct clews led the police to do some foolish things, and they have now assumed an attitude of helplessness which exasperates the public. The London anarchist hunt has one or two humorous features. At midnight recently the Scotland Yard detectives made a sudden descent upon the apartments of a French comut recently arrived in London. They found a great collection of chemicals and a large vat of ill smelling liquid, in which were floating pieces of beef, salmon and chicken. The cook looked on smilingly and finally explained that he was the inventor of a new preserving or embalming fluid, which he hoped to sell to English investors.—London Standard.

An Important Point.

Professor Horstley, who is the chief defender of vivisection in England, delivered a remarkable lecture before the royal institution recently, which was illustrated by during experiments with a rifle fired at animal tissues. The most important point was to show that death from a gunshot wound in the brain is due not to stoppage of the heart's action, as asserted by the textbooks, but to the arrest of respiration. First aid to the wounded should therefore take the form of artificial respiration. The experiments were remarkably successful and proved that the professor is a good shot as well as a brilliant physiologist.—Exchange.

Elevator Dropped.

COLUMBUS, O., Sept. 11.—Owing to a defect in the machinery, the elevator in The State Journal building, on State street, dropped five stories at noon. There was no one in it but the elevator man, Snapp, who, strange to say, was not seriously injured.

Louisville Tobacco Market.

Furnished by Glover & Durrett, Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 419 hhds with receipts for the same period 373 hhds. Sales on our market since the crop of 1893 on our market to date amount to 12,149 hhds. We have had another week of remarkably large sales for the time of year and there is no change to report in the condition of the market as compared with last week. In some localities considerable progress has been made in cutting and housing the new crop.
